APPEARANCES:

LOU PALM, CHAIRMAN – FLORENCE COUNTY LONG TERM RECOVERY GROUP

Mr. Palm Appeared Before Council To Present An Update On The Status And Activities Of The Long Term Recovery Group (LTRG). On November 19, 2015 the Florence County Emergency Management Department Director held a meeting of community members, including local and state officials to discuss the long term recovery needed as a result of the recent historic flood event. The group, comprised of government and non-government organizations, the Eastern Carolina Community Foundation, the United Way, the Red Cross, White Chapel Holiness Church in Lake City, had a very good representation from across the County but more assistance was needed. December 28th started a call down process to identify victims that applied to FEMA for assistance. There were 6,800 applications filed in Florence County with the vast majority being denied. He stated that to the best of his knowledge, there were only seven (7) families in Florence County that received the FEMA maximum amount allowed of $31,000 with other awards being granted of less than $5,000. There was no housing inventory in Florence County. On Monday, February 15th the LTRG began interviewing individuals to identify those that would qualify for mold remediation and a method to enable them to work toward safe and sanitary housing by the end of December 2016.

Councilman Caudle asked if Mr. Palm had any suggestions for Council. Mr. Palm responded that the LTRG needed local government to assist in garnering the support of local businesses in donating supplies and goods needed to repair damaged homes, such as drywall, 2x4s, etc. any offer of assistance would be appreciated. There were agencies and charitable organizations from other states that were coming in to assist, but those groups would be going home so local assistance would be greatly appreciated.

DRAFT

Councilman Kirby asked the source of funding for the LTRG. Mr. Palm responded that they applied to the One SC Fund and were denied. The One SC Fund wanted specific homes in order to qualify, but no exact reason for denial was provided. Funds were received from two community organizations, one of faith based and one community organization. The current balance was $6,100. Many people were denied based on the fact that the mold and damage was from the roof, caused by the rain not the floor or foundation, which was what FEMA considered true flood damage. Mr. Palm said it was the mission of the group to meet the unmet disaster related needs of the members of our community. Long term, the FEMA number for unmet needs was $1.4 million.

Councilman Caudle asked if the State had been contacted with any success for assistance. Mr. Palm responded that the group had good communications with the State and that members of the Governor's Task Force attended their meetings and took back questions/needs to determine assistance available.

Councilman Mumford stated the Baptist Convention of South Carolina had also been very involved in assisting those in need. He suggested Mr. Palm contact the individual that was appointed from that organization to work with local organizations to meet the needs. Reverend Samuel Fulmore, Pastor of Mount Zion Baptist Church in Dovesville was in charge of disaster relief efforts for that organization. Councilman Mumford requested a written copy of Mr. Palm's presentation to share with Reverend Fulmore.

Chairman Poston expressed appreciation to Mr. Palm for his presentation. He suggested it would be a good idea for the presentation to be provided to all of Council and that this might be a good item for the Committee on Education, Recreation, Health & Welfare to study a little more in-depth.

REPORTS TO COUNCIL:

ADMINISTRATION

MONTHLY FINANCIAL REPORTS

County Administrator K. G. Rusty Smith, Jr. stated that Monthly Financial Reports Were Provided To Council For Fiscal Year 2016 Through December 31, 2015 For Edification. Staff was continuing to monitor trends and standing watch on cash flow issues and reduction of expenses. Mr. Smith stated that he met with US Marshal Kelvin Washington regarding the Federal Inmates issue in an attempt to rectify that situation and enhance the County's position. Updates for the Capital Project Sales Tax I (CPST I) and the Capital Project Sales Tax II (CPST II), as well as the notes from the most recent meeting of department heads were provided to Council.

Mr. Smith stated there were several items he wanted to make Council cognizant of but no action was required by Council:

1. The first item is a copy of the "Limited Notice to Proceed Basic Agreement – Alligator Road."

   SCDOT selected Infrastructure Consulting & Engineering, Inc. to provide engineering services necessary for the preparation of preliminary road & bridge plans, right of way plans and final construction plans for Alligator Road; also responsible for right-of-way acquisition. This item would require prompt attention to maintain the schedule. No payments for services would be made until the contract was fully executed and negotiations terminated. Services rendered under the notice were not to exceed $200K. Brian Dix SCDOT Program Manager forwarded the information and unless Council expressed opposition, Mr. Smith would sign after the meeting and provide to SCDOT to continue to move the project forward. Councilman Caudle asked for clarification if all the funds were provided from the CPST I. Mr. Smith confirmed the funding was to come from CPST I funds.

2. Johnsonville Magistrate Office

   Mr. McEachin, Mr. Smith and the Chairman met with the Chief Magistrate to facilitate the reopening of the Johnsonville Magistrate office on Tuesdays. The office was currently open Monday, Wednesday and Friday. This action would provide an additional day at no additional cost. The clerk, Luci Coleman, was no longer needed in the Florence Office so she would be shifted back to the Johnsonville office with no additional cost. Judge Langley will continue to work in Florence on Tuesdays until the 'new Magistrate' takes the Oath of Office, at which time staff would seek approval from Council to allow Judge Langley to return to Johnsonville.

3. SC State Housing Finance and Development Authority

   Council was provided a copy of a letter to the SC State Housing Finance and Development Authority that noted that the Housing Element of the Florence County Comprehensive Plan supports and encourages the development, construction and operation of quality affordable housing within our community. This letter was being sent at the bequest of Irby Senior Village; a village proposal by JEH Holding. The estimated construction cost of the 40 one and two bedroom homes would be approximately $4.5 million dollars. The Company would be applying to S.C. State

Housing Finance & Development Authority for tax credits to facilitate the financing of the development. The community features a community center building, computer center, fitness center, a library, laundry facility, and a community kitchen.

4. Fire

On February 12th Council was provided via email a copy of the Unified Fire Department's Disposal Recommendation from the Fire Chief's Advisory Committee concerning surplus property. Council was previously advised that several trucks were stored at the impound area that needed to be dispensed with. There were also other departments who wished to dispose of unneeded units. Many of you responded to the email but unless instructed otherwise, staff would continue to work with Mr. McEachin, Mr. Yokim and Mrs. King to rectify this situation. A copy of the memorandum signed by all members of the Fire Chief's Advisory Committee was provided to Council. In essence, they recommend that any fire apparatus declared surplus currently titled in the name of the fire departments be disposed of by the department and any fire apparatus owned by Florence County be declared surplus and disposed of by County policy. They further recommended that any funds received from the sale of surplus vehicles be placed in the County Fire Fund for future capital purchases. Mr. Smith stated revenue would probably be negligible but would be put in that fund and used for the respective departments' capital purchases needed in the future.

5. Miracle League

At the meeting of January 21, 2016, Megan Johnson of the Miracle League of Florence County requested several items of Council. Staff and Mr. Smith had been meeting to address all opportunities to facilitate the progress of this very worthwhile endeavor. At Council's desk was a portfolio addressing the requests made at the meeting. The 1st item designates the location of the Miracle League of Florence. Staff was recommending that the Greenwood Athletic Park located at 2711 Pamplico Hwy. be designated as the Miracle League of Florence County facility. The site was graded and contains the needed retention pond which would minimize development costs. Mr. Pridgen and his staff were more than willing to properly maintain the facility but this might require some 'tweaking' of the department's O&M budget.

Ms. Johnson also requested a "letter of support" to provide benefactors as they consider the amount of their donation to the 'game changing' project. Page 2 of the portfolio provides such correspondence.

There was also mention of proposed signage to enhance development efforts and included in the portfolio was a draft of suggested signage (*'Future Home of the Miracle League of Florence County'*) for consideration.

Ms. Johnson also advised that through various fundraisers they had raised $42,000. She asked Council to match this seed money. Mr. Smith and Mr. Pridgen realized/qualified several capital improvements that were needed for the field that could be funded through infrastructure and/or utility funds. If Council so desired staff would prepare a fact sheet for the March meeting providing funding for this much needed match.

Draft

The League voted & approved to designate the first $86,580 towards the grading, paving and concrete work for the field. Funding would include Miracle League funds and any approved matching funds from Florence County Council.

Mr. Smith and Mr. Pridgen also discussed the project with several benefactors in hopes of attaining additional funding. Three letters could make this dream a reality ... L G F ... if the State was willing to fully fund it would facilitate finality of this project. Councilman Caudle stated he would respectfully request that the necessary document be prepared for inclusion on the March Agenda.

6. Letter to US Delegation - ITFA

Mr. Smith stated he also had provided a copy of a proposed letter to the United States Delegation. He commended Councilman Mumford, who aptly represents us all over the Country by serving as the State NACo representative. The permanent Internet Tax Freedom Act (ITFA) came up and NACo specifically opposes the Act and requests that counties contact US Senators requesting they impose the permanent ITFA or at a minimum limit the extension. In the Unites States, it was estimated there were billions of dollars that go uncollected for internet sales, which leaves the 'brick & mortar' businesses paying taxes. Councilman Mumford stated this was an excellent report, excellent point, and that NACo did oppose the Act. He was leaving for a NACo Board meeting on Saturday and would further contact United States Congressmen to address this as well as other issues.

7. EOC Bid

A meeting was held February 17th to discuss the construction of the new EOC. Drawings should be complete within the next two (2) weeks and the project would go out to bid within four (4) weeks. The bids would be on the street for four (4) weeks. Construction was estimated to take one (1) year with an estimated project completion to be in May 2017. The architects believe they can come in under budget. The County already owns the land so things should move forward expeditiously. He stated he was basically an observer at the meeting and that Dusty Owens and his staff were very thorough. Mr. Smith committed to send out a summary of the items involved in the project as the information was prepared.

DUKE ENERGY PROGRESS, INC. EASEMENT

Councilman Caudle made a motion Council Authorize The County Administrator To Execute An Easement To Duke Energy Progress, Inc. ADMINISTRATION/SOLICITOR'S OFFICE

UNDERSERVED VICTIMS OF VIOLENT CRIME GRANT

Mr. Smith stated that this item was presented for Council's elucidation and no action was required by Council. The Solicitor's Office Received An Underserved Victims Of Violent Crime Grant For A Victim Advocate Position For The Period Of January 1, 2016 Through September 30, 2016; The Solicitor Would Employ A Victim Advocate For One-Year And Fund The Additional Costs; No Funding Required By The County And No Action Required By Council. The PAR form clearly states that if funding ended the position was automatically removed from County payroll.

ADMINISTRATION/FINANCE/FACILITIES MANAGEMENT

PUBLIC SERVICE BUILDING KITCHEN UPDATES

Councilman Mumford made a motion Council Approve Funding For Improvements To The Kitchen At The Florence County Public Service Building In An Amount Not To Exceed $3,500 From Contingency Funds. Councilman Dorriety seconded the motion, which was approved unanimously.

FINANCE

ACCEPTANCE OF FISCAL YEAR ENDED JUNE 30, 2015 AUDIT

Mr. Smith asked Finance Director Kevin Yokim to come forward to introduce the Audit Firm for The Presentation Of The Audit For Fiscal Year Ended June 30, 2015. Mr. Yokim stated members of Council were presented with a copy of the Comprehensive Annual Financial Report for the Fiscal Year ended June 30, 2015. He thanked his Accounting Manager Kathy Coker for the work she put into getting the report together. He directed Council's attention to a required publication inside the front cover of the Report.

The Audit this year was prepared by the firm of Elliott Davis Decosimo. Mr. Yokim introduced Ryan Miller, a Senior Manager with the firm, to provide the presentation. Mr. Miller expressed appreciation to Mr. Yokim and his staff as well as the Treasurer's office for working diligently and being responsive to requests for documentation necessary to complete the audit. As a result of the audit procedures, the Firm issued an unmodified opinion on the fair presentation of the County's financial statements, which means in their opinion the County's basic financial statements, supplementary information (which includes the combining and individual fund statements, budgetary schedules, and schedule of expenditures of Federal awards) were fairly stated and all material respects. The balances reflected therein appeared reasonable to the Firm. No significant deficiencies or material weaknesses in internal control over financial reporting that were required to be reported under Government Auditing Standards were discovered, nor were any non-compliance issues discovered that were material to the financial statements. The County yielded a very clean Audit again this year.

New to this Audit was the GASB Statement No. 68 titled Accounting and Financial Reporting for Pensions. This requires all governmental entities who contribute to the State of South Carolina's State Retirement System to recognize their proportional share of the net pension liability, which was required to be effective retroactively so the Firm had to go back and re-state the beginning net position as of July 1, 2014, resulting in a decrease of net position of approximately $49.1 million. This was a large number because it had been accumulating over time but the Firm was working on truing it up to make it more current/accurate going forward. The current year affect was that the net pension liability for Fiscal Year June 30, 2015 reported was $49.6 million. GASB opinion on this was that the change would more clearly depict the government's financial position but that it would not alter the economic reality. Bond ratings would not be impacted by this reporting. Although this created a $200.8 million deficit for unrestricted net position, the County still reported an overall positive total net position of approximately $32.8 million. This standard had no impact on fund balance.

DRAFT

In response to a question from Councilman Kirby, Mr. Yokim responded that the County's bond rating had not changed and that the county was still one of the top ten counties in the State as far as bond rating. Councilman Caudle asked that, if there were no objection, Council send a letter to Governor Nikki Haley personally requesting her to reconsider assistance to farmers and to the long term recovery Mr. Palm talked about earlier in the meeting. Councilman Dorriety stated that was a great idea and he had considered requesting that Council provide a Resolution with the request. He stated agriculture was possibly the backbone for a lot of the rural communities in the County. The City of Florence was not greatly impacted but smaller more rural towns were affected greatly by the plight of the farmer. He stated he would also like for other counties to join with Florence County on this issue. Councilman Caudle stated that in his experience if farming was down and home building was down, the economy was bad. Councilman Dorriety stated that for enlightenment, the comment the Governor made was that farmers had the opportunity to purchase insurance. The problem with insurance was that it only covered about 75% of the actual loss. He knew farmers that lost in excess of half a million dollars. Chairman Poston asked Mr. Smith to prepare the correspondence.

(a) The Park consists of all real and personal property ("Property") described on Exhibits A-1 ("Darlington Exhibit") and A-2 ("Florence Exhibit"). The Counties may expand the Park's boundaries, from time to time to include additional property, by the County in which the Property is located ("Host County") adopting a resolution or ordinance approving the expansion of the Park's boundaries, and the other County ("Companion County") adopting a resolution approving the expansion of the Park's boundaries. This Agreement is amended to reflect the diminution of the Park's boundaries on the adoption by the Host County of a resolution or ordinance approving such diminution and the adoption by the Companion County of a resolution approving such diminution.

(c) Notwithstanding any part of this Agreement to the contrary, neither County shall diminish the Park's boundaries, without consent from the owner (or lessee) of a parcel of Property, while any benefit

(a) According to *Horry County* Case, each County is required to set forth the distribution method of FILOT Revenue in that County. After distribution of the FILOT Revenue as provided by Section 3.02(b), the remaining FILOT Revenue ("Residual FILOT Revenue") is distributed in each County as follows:

(i) For Property located in Darlington: Darlington shall first reimburse itself for expenditures made to attract any entity to locate in the Park. Thereafter, any

remaining Residual FILOT Revenue shall be distributed to the political subdivisions in Darlington on a pro-rata basis according to the tax millage Darlington and the political subdivisions would levy on the Property in the tax year in which Residual FILOT Revenue is received had the Property not been located in the Park. Any school districts receiving a distribution of Residual FILOT Revenue shall divide the Residual FILOT Revenue on a pro-rata basis between operational and debt service expenditures in accordance with the amount of operating and debt service millage levied by such school district or collected on behalf of such school district in the tax year in which the Residual FILOT Revenue is received.

(ii) For Property located in Florence: Florence shall first reimburse itself for expenditures made to attract any entity to locate in the Park. Thereafter, _____ percent (___%) of any remaining Residual FILOT Revenue shall be allocated to an economic development fund to be used for economic development purposes, and the remainder shall be distributed to the political subdivisions in Florence on a pro-rata basis according to the tax millage Florence and the political subdivisions would levy on the Property in the tax year in which Residual FILOT Revenue is received had the Property not been located in the Park. Any school districts receiving a distribution of Residual FILOT Revenue shall divide the Residual FILOT Revenue on a pro-rata basis between operational and debt service expenditures in accordance with the amount of operating and debt service millage levied by such school district or collected on behalf of such school district in the tax year in which Residual FILOT Revenue is received.

(iii) Each County elects to distribute the FILOT Revenue received from the other County by either retaining the revenues or if it elects distributing the revenues in accordance with the applicable subsection (i) or (ii) above.

(b) Each County, by adoption of an ordinance in that County, may unilaterally amend its internal distribution method.

draft

Section 3.04. ***Annual Report and Disbursement.*** Not later than July 15 of each year, starting July 15 of the first year in which either County receives FILOT Revenue, each County shall prepare and submit to the other County a report detailing the FILOT Revenue owed under this Agreement. Each County shall deliver a check for the amount reflected in that report at the same time to the other County.

ARTICLE IV
MISCELLANEOUS

Section 4.01. ***Jobs Tax Credit Enhancement.*** Business enterprises locating in the Park are entitled to whatever enhancement of the regular jobs tax credits authorized by South Carolina Code Annotated section 12-6-3360, or any successive provisions, as may be provided under South Carolina law.

Section 4.02. ***Assessed Valuation.*** For the purpose of bonded indebtedness limitation and computing the index of taxpaying ability pursuant to South Carolina Code Annotated Section 59-20-20(3), allocation of the assessed value of Property to each County is identical to the percentage of FILOT Revenue retained and received by each County in the preceding fiscal year.

Section 4.03. ***Records.*** Each County shall, at the other County's request, provide a copy of each

record of the annual tax levy and the fee-in-lieu of *ad valorem* tax invoice for Property and a copy of the applicable County Treasurer's collection records for the fee-in-lieu of *ad valorem* taxes so imposed, as these records became available in the normal course of each County's procedures.

Section 4.04. ***Applicable Law.*** To avoid any conflict of laws between the Counties, the county law of the County in which a parcel of Property is located is the reference for regulation of that parcel of Property in the Park. Nothing in this Agreement purports to supersede State or federal law or regulation. The County in which a parcel of Property is located is permitted to adopt restrictive covenants and land use requirements for that part of the Park.

COUNCIL DISTRICT(S):	4; County Council
APPLICANT:	Chandler Investment Properties, Inc.
LAND AREA:	18.25 Acres

STAFF RECOMMENDATION:

SUROUNDING LAND USE:
North: Vacant Land, Rural Community District (RU-1), Florence County
South: Mobile Homes, Unzoned District (UZ) Single Family Residential, Commercial Business, General Commercial District (B-3), Florence County
West: Single Family Residential District, Vacant Land, Unzoned District (UZ) Florence County
East: Institutional, Rural Community District (RU-1), Florence County

STAFF ANALYSIS:

History
The General Commercial District (B-3) was recently designated on this parcel. This zoning was finalized at the Florence County Council meeting in January, 2016. Before this zoning change, the parcel was previously zoned Rural Community District (RU-1) and General Commercial District (B-3). This zoning reflects the original zoning of the parcel with the Zoning Ordinance

and Maps from the early 1990's, prior to the consolidation of Municipal and County Planning Departments. The approximate acreage for B-3 was 4.67, the remaining zoned RU-1.

Existing and Proposed Zoning:
The subject parcel currently has a commercial structure on the front portion with the remaining portion vacant and currently zoned General Commercial District (B-3). The parcel is contiguous to Rural Community District (RU-1) and General Commercial District (B-3). The applicant has requested a map amendment to Planned Development District (PD).

The General Commercial District (B-3) purpose is to provide for areas where large scale commercial and business development may take place. This district permits a wide range of business, commercial and residential uses.

The purpose of the Planned Development District is to encourage flexibility in the development of land in order to promote its most appropriate use; and to do so in a manner that will enhance public health, safety, morals and general welfare of the community. As a building development, it is designed to group both varied and compatible land uses, such as housing, recreation and commercial uses, all within one contained development or subdivision.

Traffic Review:
Present access to the parcel is by way of West Palmetto Street. The map amendment for this parcel could have a minimal effect on traffic flow in the area.

Chapter 30-ZONING ORDINANCE
The following sections of the Florence County Zoning Ordinance Chapter 30 were reviewed for this application:

ARTICLE I. – ESTABLISHMENT, PURPOSE, RULES FOR THE INTERPRETATION OF ZONING DISTRICTS, AND ZONING ANNEXED PROPERTY, Section 30-2. - Purpose of districts.

Collectively, these districts are intended to advance the purposes of this chapter, as stated in the preamble. Individually, each district is designed and intended to accomplish the following more specific objectives.

Special Purpose Districts:
Planned Development District (PD): the intent of the planned development district is to encourage flexibility in the development of land in order to promote its most appropriate use; and to do so in a manner that will enhance public health, safety, morals, and general welfare.

Within the PD, regulations adapted to unified planning and development are intended to accomplish the purpose of zoning and other applicable regulations to an equivalent or higher degree than where such regulations are designed to control unscheduled development on individual lots or tracts, promote economical and efficient land use, provide an improved level of

amenities, foster a harmonious variety of uses, encourage creative design, and produce a better environment.

In view of the substantial public advantage of "planned development", it is the intent of these regulations to promote and encourage or require development in this form where appropriate in character, timing, and location, particularly in large undeveloped tracts.

FLORENCE COUNTY PLANNING COMMISSION ACTION-TUESDAY, FEBRUARY 23, 2016:

Nine Planning Commission members voted 6 to 3 to approve the zoning amendment request.

Florence County Planning Commission Recommendation:

Florence County Planning Commission recommends approval of the request to the Florence County Council to amend the zoning designation for the referenced parcel located on W. Palmetto Street, Florence, SC from General Commercial District (B-3) to Planned Development District (PD).

SUBJECT: Request for text amendments to the Florence County Comprehensive Plan Land Use Element to include zoning district RU-1A, (Rural Community District).

APPLICANT: Florence County Planning & Building Department

STAFF ANALYSIS:
District RU-1A was adopted by Ordinance to be included in the Florence County Code, Chapter 30 Zoning Ordinance, Section 30-29, Table II and Section 30-30, Table III on November 19, 2015.

Developers proposing development of land currently zoned as RU-1, Rural Community District, have raised the public awareness of existing, adjacent neighborhoods on the potential impact that an RU-1 zoning designation represents with respect to uses that are not desirable in the densely populated areas close to city limits.

There is a need for a rural zoning district in and adjacent to zoned areas and municipal city limits that allow rural community zoning protection with reduced intensity of land uses from the current RU-1 District.

The Land Use Designations of the Land Use Element of the Comprehensive Plan must include all Florence County zoning districts.

The Single and Multi-Family Residential, Commercial, Sales and Service, Future Land Use Designations and Objectives and Zoning Districts Interpretation sections shall be amended to include District RU-1A. The text on the referenced pages of the Land Use Element shall be amended as follows:

RE: Pee Dee Regional Health Services District
Our File: M

Dear Malloy:

I have attached my letter to you of March 26, 2013, to refresh your memory regarding the Pee Dee Regional Health Services District.

In March of 2013, Pee Dee Regional Health Services District was in need of four board members from Florence County. Carl Humphries was one of the four suggested board members and on July 3, 2013, Connie Haselden, Clerk to County Council, sent out a notice advising that Mr. Humphries had been unanimously approved by Florence County Council to serve on the Pee Dee Regional Health Services District, representing Florence County.

Mr. Humphries has faithfully served on the Board but he has recently requested to be relieved from this responsibility as the quarterly meeting dates conflict with his schedule. Mr. Humphries has many responsibilities as CEO of HopeHealth.

It is respectfully requested that Florence County Council consider replacing Mr. Humphries with Edward M. Behling, M.D. Dr. Behling has agreed to accept this responsibility if so appointed by Florence County Council.

Dr. Behling is a board certified family medicine physician and he was graduated from the Medical University of South Carolina in 1991, and completed his residency at McLeod Regional Medical Center in 1994. Dr. Behling specializes in family medicine and palliative care.

Secondly, John Curl was also officially notified July 3, 2013, that Florence County Council had unanimously approved his appointment to the Pee Dee Regional Health Services District, representing Florence County. Mr. Curl's term expired January 1, 2016. Mr. Curl has also been a faithful board member and he would like, if possible, to be reappointed for a second term.

We hope you will be able to help us with these matters and if you need anything further please let me know.

With best regards, I am

Sincerely yours,

J. BOONE AIKEN, III

RE: Pee Dee Regional Health Services District
Our File: M

Dear Malloy:

The Pee Dee Regional Health Services District was created by an Act of the South Carolina General Assembly and ratified by Governor John C. West on March 23, 1973 (Section 44-7-1810).

The Pee Dee Regional Health Services District was created for the purpose of carrying out its committed function of planning, establishing, financing, developing, constructing, enlarging, improving, maintaining, equipping, operating, regulating, protecting, policing or in other ways assisting in the development of non-profit hospitals and health care related facilities.

Section 44-7-1820 defined the membership of the board of directors of the District as:

> "The corporate powers and duties of the district shall be exercised and performed by a board of directors (hereinafter called the board) to be composed of four members from Florence County, three members from Darlington County, two members each from Chesterfield, Dillon, Marion and Marlboro Counties appointed by the Governor upon recommendation of the legislative delegations of the respective counties, including resident Senators, if any."

Subsequent to the 1973 Act, a concern arose that the statute was subject to a constitutional attack on the basis that it was special legislation applying only to those counties designated and as such would violate Article III, Section 34, of the State

Constitution. In anticipation of this problem, in 1976, a new statute was adopted by the General Assembly on March 2, which has a state-wide application. Section 44-7-2110 provided that the Health Services District created by Article 13 of Chapter 7 of Title 44 shall continue in existence under the provisions of such article, provided, however, that the county governing bodies of the counties named in such District shall, not later than January 1, 1977, reconstitute such District under the terms of this article and upon such reconstitution such Health Services District shall exist under the terms of this article. The 1976 legislation was state-wide in its application and authorized any county or group of counties in South Carolina to form a health services district by enactment of the governing bodies of the counties involved.

On June 15, 1976, Florence County Council enacted an Ordinance to create the Pee Dee Regional Health Services District under Act No. 490 of 1976, as a reconstitution of the Health Services District created under Act No. 96 of 1973.

The Counties of Chesterfield, Darlington, Dillon, Marion, and Marlboro followed suit and enacted Ordinances reconstituting the District.

Under the 1976 statute, members of the Board of Directors were designated to "be appointed by the governing body of the authorizing political subdivision as to the respective seats provided for the subdivision."

Pee Dee Regional Health Services District is currently in need of four board members from Florence County. It is respectfully requested that Florence County Council consider appointing as board members the following:

1. David Durant
   1010 Jackson Avenue
   Florence, SC 29501

2. Starlee Alexander
   1646 Harris Court
   Florence, SC 29501

3. John Curl
   720 Flintlock Cove
   Florence, SC 29502

4. Carl Humphries

Malloy, McLeod Health was hoping that you could possibly place this on the April 2013 agenda of Florence County Council.

If you need anything further from me please let me know.

With best regards, I am

Sincerely yours,

STATE OF SOUTH CAROLINA)
) AGREEMENT
COUNTY OF FLORENCE)

The parties entering into this agreement, the Florence County Sheriff's Office and the Lake City Police Department, hereby enter this agreement to provide the Lake City Police Department with Victim Assistance as mandated by South Carolina Law. The General Assembly, in enacting the Victim's Bill of Rights, recognized the civic and moral duty of victims of and witnesses to a crime to cooperate fully and voluntarily with law enforcement and prosecution agencies. The General Assembly further recognized that to ensure that all victims of and witnesses to a crime are treated with dignity, respect, courtesy, and sensitivity, the rights and services extended in the law to victims of and witnesses to a crime are honored and protected by law enforcement agencies, prosecutors, and judges in a manner no less vigorous than the protections afforded criminal defendants. The purpose of this agreement is to maintain a level of service throughout Florence County and the Lake City Police Department as contemplated by the Victim's Bill of Rights, S.C. Code Ann. § 16-3-1505 *et seq.*

It is agreed that the Florence County Sheriff's Office will provide the Lake City Police Department with the services of a Victim Advocate for the purposes of assistance, notification of release of offenders, notification of court appearances, assistance with reimbursement forms, and other counseling services, as well as the other services mandated by S.C. Code Ann. § 16-3-1505 *et seq.*, to be provided by the law enforcement agency.

It is agreed that in consideration of this agreement, the Lake City Police Department will provide Florence County with the monies collected pursuant to S.C. Code Ann. § 14-1-211 that are retained by the Lake City Police Department for the purpose of providing services for victims of crime, including those required by law.

It is agreed that the monies collected pursuant to S.C. Code Ann. § 14-1-211 by the Lake City Police Department and transmitted to Florence County will be placed in the Victim Services Account through the Florence County Treasurer's Office just as if those funds were maintained by Florence County through general sessions and magistrate's court surcharges.

It is agreed that the Victim Advocates will be employees of the Florence County Sheriff's Office at all times even when rendering services within the Lake City Police Department. Further, with the exception of officers specifically named in other agreements between these two agencies, this agreement does not in any way render officers of the Lake City Police Department as employees of the Florence County Sheriff's Office.

The term of this agreement will be from April 1st, 2016 through June 30th, 2017 and shall be automatically renewed annually on July 1 unless notice of termination is sent to either party by written notice at least 30 days prior to the date of renewal.

Subject: Re: February events in and around Florence County

Rusty,
We are planning to add the final service monument, US Army, on Veterans Day. We have a concept that my committee (CEO of local Pepsi, Jeff Stevens/CEO of Armstrong Wealth, Regi Armstrong/Director of HR at GE, Greg Cunningham) and reps from Brown Memorials.
The park has USMC, USN, USAF, USCG, and Merchant Marine monuments.
I would love for the county to consider helping on this project. I have not talked to anyone yet. What do you propose? Estimated costs for manufacturing, site preparation, and installment is $30K, maybe less if we can get some products donated and volunteer labor.
I look forward to your response.
Barry

Here is a concept of what it will look like. It is very dynamic, using etchings depicting Soldiers, equipment, weapons, etc, to tell the story as opposed to a lot of words. It will be hand etched, and it is about 9 1/2 tall, 4 1/2 wide and 18 inches thick. Black granite.
