ADDENDUM NO.1- STAND-BY DEBRIS MANAGEMENT AND REMOVAL SERVICES (BID NO. 13-15/16)

Florence County is sending to all interested firms clarification information and answers to frequently asked questions (FAQs) concerning this request for proposal. The questions and answers are listed below.

1. Will a bid bond or a payment and performance bond required?

   a. No bid or payment/performance bonds are requited.

2. Is there any information that is excluded from the 50-page limit? Specifically, resumes, required forms, requested financial statements, or additional attachments such as sample plans, insurance certificate, equipment list, etc.

   a. Yes, the addendum and the supporting documents will be excluded from the 50-page limit.

3. Will the County be providing a bid tab sheet?

   a. Yes, the bid tabulation sheet is attached.

4 What is the estimated haul distance from ROW to DMS site and from DMS sit to final disposal location?

   a. ROW to DMS one way is approximately 15 miles. DMS to final disposal location is approximately 30 miles.

5. What is the current contract pricing?

   a. The current contract pricing attached.

6. Within the Qualifications section of the RFP, Florence County is looking for 5 references within the past 5 years with 2 of those references involving 1 Million CY's of debris. Within the past 5 years, it would be difficult for a debris contractor to meet this requirement because there have not been storms generating that amount of debris. Would references illustrating debris removal experience over 1 Million CY's be sufficient (rather than just the past 5 years)?

    a. **Yes or documentation of amounts less than 1 Million CY within the past 5 years.**

PLEASE ACKNOWLEDGE THIS ADDENDUM BY SIGNING BELOW AND SUBMIT IT WITH YOUR BID.

I have read and acknowledged this addendum for RFP NO. 13-15/16.
